

# You're Invited to a No-Fee CME/CE Symposium

## Multiple Sclerosis: Updates for Comprehensive Care

### Locations

East Peoria, Illinois  
March 3, 2012

Embassy Suites  
100 Conference Center Drive

Oak Brook, Illinois  
March 10, 2012

Oak Brook Hills Marriott Resort  
3500 Midwest Road (approx. 2 miles south of I-88)

### Learning Objectives & Agenda

The target audience for this activity is neurologists, physicians, nurses, nurse practitioners, and other healthcare professionals who manage patients with multiple sclerosis. At the completion of this program, the participant will be able to:

- Outline the latest criteria for the diagnosis of MS
- Describe the current use of MRI for detecting early signs of MS, supporting the diagnosis, and monitoring disease progression in the MS patient
- Summarize key efficacy and safety data related to available disease-modifying therapies and the effective management of their side effects
- Discuss the mechanisms and recent data on emerging disease-modifying therapies
- Identify factors that influence adherence to treatment, quality of life, and progression of disability in MS patients
- Employ multidisciplinary strategies for the management of disease-related symptoms and for providing support for patients with MS

### Agenda

8:00 AM	Registration & Breakfast
8:30 AM	<b>MS Diagnosis &amp; Progression</b>
9:00 AM	<b>Review of MS Pharmacotherapy</b> — Q&A
9:45 AM	Break
10:00 AM	<b>Emerging Therapies for MS</b>
10:30 AM	<b>Team Approach to Long-Term MS Management</b> — Q&A
11:15 AM	<b>Update on MS Research:</b> <b>Panel Discussion</b> — Q&A
12:15 PM	Adjourn

#### Christina Caon, BSc, MSN, NP-C

Assistant Director of Clinical Research  
Multiple Sclerosis Treatment & Clinical Research Center  
Wayne State University School of Medicine  
Detroit, Michigan

#### Adil Javed, MD, PhD

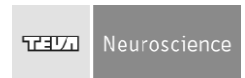

Assistant Professor of Neurology  
University of Chicago School of Medicine  
Chicago, Illinois

#### Amy Perrin Ross, APN, MSN, CNRN, MSCN

Neuroscience Program Coordinator  
Loyola University Medical Center  
Maywood, Illinois

#### Mark J. Tullman, MD

Director of Clinical Research  
MS Center for Innovations in Care  
Missouri Baptist Medical Center  
St. Louis, Missouri

This program is supported by an educational grant from Teva Neuroscience.

### Accreditation

**Physicians:** This activity has been planned and implemented in accordance with the essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of ProCE, Inc. and the National Association of Managed Care Physicians (NAMCP). The NAMCP is accredited by the ACCME to provide continuing medical education (CME) to physicians. The NAMCP designates this live activity for a maximum of 3.5 *AMA PRA Category 1 Credits*<sup>SM</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity.

**Nurses:** Nursing credit is provided for this program through collaboration between ProCE, Inc. and Wild Iris Medical Education, Inc., a provider of continuing education accredited by the American Nurses Credentialing Center's Commission on Accreditation. This activity provides 3.5 contact hours of nurse CE credit.

### Faculty Disclosure

It is the policy of ProCE, Inc. to ensure balance, independence, objectivity and scientific rigor in all of its continuing education programs. Faculty must disclose to program participants any significant relationships with companies that manufacture or market products discussed during their presentation. **Ms. Caon** has served as a consultant/speaker for Bayer Healthcare, Novartis, and Teva Neuroscience. **Dr. Javed** has served as a consultant/speaker for Bayer, Biogen Idec, EMD Serono, Novartis, and Teva Neuroscience. **Ms. Perrin Ross** has served as a consultant/speaker for Acorda, Bayer Healthcare, EMD Serono, Novartis, Pfizer, Questcor, and Teva Neuroscience. **Dr. Tullman** has served as a consultant/speaker for Biogen Idec, Pfizer, Serono, and Teva Neuroscience. The planners of this activity have no real or perceived financial relationships to disclose.

Please note: The opinions expressed in this program should not be construed as those of the CME provider. The information and views are those of the faculty through clinical practice and knowledge of the professional literature. Portions of this program may include the use of drugs for unlabeled indications. Use of drugs outside of labeling should be considered experimental and participants are advised to consult prescribing information and professional literature.
